

Personal Trainer Certificate Renewal Guidelines

To support NASM's commitment to protect health and safety, the NASM Personal Trainer credential must be renewed every two (2) years. This ensures that NASM professionals are current with best practice guidelines, promotes continued competence and development of knowledge beyond the levels required for entry-level practice.

CEU Requirement

The number of CEU's required is 2.0.

- CEU's are based on contact hours. *Contact hours* are defined as the number of clock hours spent in direct participation in a structured educational format.
- One (1) contact hour is equivalent to point-one (0.1) CEU.
- One CEU (0.1) must come from a CPR/AED certification.

Renewal Fees

Every NASM Personal Trainer credential holder is required to submit a completed renewal application every two years with a renewal fee of \$99. This fee is an administrative fee that supports activities required of the NASM Recertification Department. The late renewal fees are: \$30 for applications received up to 90-days post-expiration and \$50 for applications received after the 90-day grace period and before one year after credential expiration.

Expiration of Credential

The NASM Personal Trainer credential will expire if all renewal requirements have not been met by the expiration date. Renewal Applications can be submitted up to one year late *if all continuing education courses have been completed before or within 90 days of the certification expiration date*. Additional fees will apply.

Petition Policy for Continuing Education

Non-NASM-approved continuing education courses can be reviewed by petition only. A \$25 non-refundable administrative fee is required for each course/event petitioned.

Renewal Audit

There will be a random audit performed on all renewal applications submitted. If your application is chosen for audit, you will have 30 days to submit all supporting documentation to the NASM Recertification Department.
